Forecast for Monday 29 Jan 2024

Weather: Cloudy and overcast with outbreaks of rain and drizzle. This rather patchy at first, but most likely becoming heavy and persistent from late morning. Navigational difficulties expected at height due to low cloud and heavy rain.

Chance of cloud-free hill tops above 600m: 20%

Low cloud and visibility: Extensive cloud, base 300 to 600m, perhaps with patches down to 200m especially on south or southwest facing slopes. Visibility moderate to very poor.
